Phone: 07968 967214

Severn Access and Rescue Services provides expert rope access services, confined space services, and industrial abseiling solutions across Birmingham, Bristol, London, and the whole of the UK. Our IRATA-certified technicians and City & Guilds-trained teams deliver safe, efficient solutions for hard-to-reach areas. Services include rope access, confined space entry and rescue, tank and silo cleaning, cladding repairs, structural inspections, high-level cleaning, water rescue services and more. Fully compliant with HSE regulations, we offer tailored rope access solutions for industrial, construction, and commercial projects. Our rope access technicians and work at height specialists are some of the most experienced in the

world. Contact us for reliable, professional access support. Website:
